Feb 2017

“INCREDIBLE!”

“VERY, VERY NEEDED.”

—Rev. Ergest Biti, Director of the Evangelical Churches for the country of Albania, commenting on our just released “Treasure Hunt Venture”.

“TH Venture” is our follow-up for kids starting in their fledgling faith. Right now children around the world are coming to Christ, and leading other kids to Christ, using our “TH Challenge” pocket-manga. And now we have the perfect next step in their discipleship; the Treasure Hunt Venture!

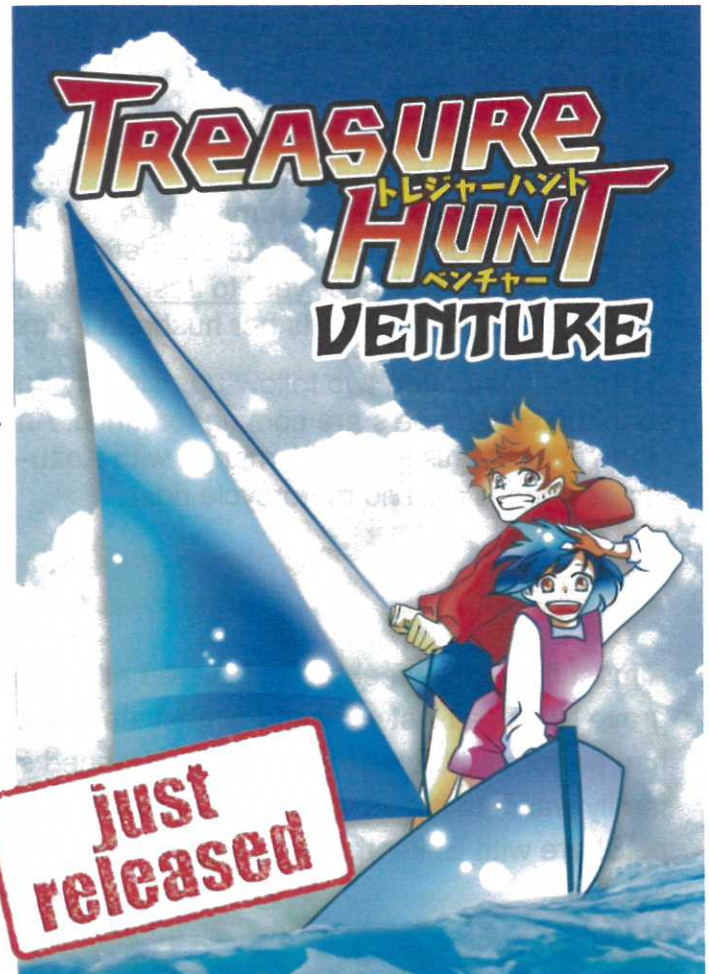

We published in both English and Japanese, and look forward to seeing kids start their new faith right. Have a look, its online in English at our newest website:

www.treasurehuntproject.com

Thanks to your prayers and investments!

Our humble cottage-industry continues, and this month all Protestant churches in Japan—all 8,000 of them—will be familiarized with GospelShare; our personal-evangelism tools.

Currently the tools are being used to bring many to faith, but its only the tip of the iceberg of the need. If you can believe it, last year the tiny Christian populace in Japan actually shrank; a minus 0.4% drop. Unless things change the drop will continue. So pray as churches across the country are given the opportunity to utilize GospelShare. When people share, others are saved (just see the reverse!), even here in Japan—it’s that simple, it just doesn’t happen frequently enough.

HALLELUJAH!

20,000 kids, mostly Muslim kids, in Albania got our Treasure Hunt pocket manga at Christmas!

One thing is for sure; when kids get our pocket manga, they can’t help but read it.

We have no idea how many lives were transformed by the Gospel, but our print-stock in Albania is already exhausted. Pray for funds to reprint soon...

Two New Lives Launched

In Dec we hosted our 7th neighborhood Christmas party and always had a great turnout. And there's been a shift—from dominantly seniors to dominantly young families! A brand new couple that came are expecting their first...

The Watanabe's are a delightful couple, as you can see from their picture (right), and we have hit it off well. June recently had Masumi over for tea and shared one of our GospelShare booklets. Masumi was very ready and said "yes" to Jesus—our first neighbor!!! Now she wants her husband to know.

June has completed two follow-ups already and soon the Watanabe's are coming for lunch. Andy plans to share his RiskRide manga with Kazu—it's perfect—he is an avid motorcycle rider.

Our new neighbors and first person to say "yes" to Jesus in our neighborhood!

Almost the same week we ministered at a church north of Tokyo where the pastor had suffered grave illness all last year and almost died. Now he is recovered! The day before our arrival he had performed the wedding of his estranged son. Not only had the pastor been healed, but the family was healing as well! Andy preached on "agape love" and June promptly shared our GospelShare with Erika, the new daughter-in-law. Erika couldn't have been more ready for the Gospel and also said "yes" to Jesus!

June at church with Erika (far left)

It was an amazing day to be there. The pastor (and pastors are in crisis level short supply) was healed, the family was being restored, and the darling new daughter-in-law just received Christ!

BTW, don't just remember to pray for these two ladies, as they launch out in new life, but the little lady with June. Rin is a third-grader and very bold in her faith. The only Christian in her class and her class knows it! Now she has the "Treasure Hunt Challenge"—yes, it's designed for a third-grader to be an agent of the Gospel. Pray for her witness.
